OPERACIONES & INGENIERÍA DE AVANZADA

Find us on:

## Who are we?

OPIA, founded in 2007, is a specialized engineering services firm based in San Jose, Costa Rica.

## Our Values

Customer Service

Quality

Integrity

Personal Development

Innovation

Added Value

## Mission

We provide applied engineering services to comply with quality requirements that allow the successful operation of our customers.

## Vision

Become a leader of the applied engineering services sector by the support of the operations in a constant evolution world.

## Certifications

OPIA is the only company in Costa Rica and Central America with **NEBB** certification in three complementary disciplines, supported by a quality management system certified under **ISO 9001:2015** and **NSF-49** standards.

## Locations Reached

We have provided services in **+17 countries**

## Quality Policy

It is our policy to conform and comply with customer, applicable and regulatory standards and requirements. We are committed to **deliver advanced building engineering services** at the highest level of quality to exceed customer expectations. We are committed to the implementation, maintenance and improvement of the OPIA quality management system to fulfill the requirements of **NEBB Standards and ISO 9001:2015 Standard**.
